Steps to getting your medical cannabis card in Kentucky:

1. **Gather your supporting documents** for a permissible diagnosis: Any type or form of Cancer, Chronic or severe pain, Epilepsy or other intractable seizure disorder, Multiple sclerosis, muscle spasms, or spasticity, Chronic nausea or cyclical vomiting syndrome, or Post-traumatic stress disorder.
2. **Visit a medical cannabis practitioner** to obtain a written certificate.
3. **Register for an account and access the Patient and Caregiver Registration Portal** at <https://ky-chfs-public.nls.egov.com/login>
4. "View Available Certifications" on the "Practitioner Written Certification Information" tab to retrieve your written certification. **Upload a digital copy of your signed and notarized signature** page on the Documents tab. Signature pages can be downloaded from "Forms" at kymedcan.ky.gov. Most banks will notarize for free.
5. Approved cardholders will be issued a digital registry ID card within thirty (30) days. Access your digital registry ID card through the portal from the Licenses tab. **Download, save, and print a PDF copy** by selecting Print Digital Card.
